PHARMACEUTICAL CUSTOMER COMPLAINT

Complaint Reference

TEMP-2026-203

Customer

Apollo Pharma Distributors

Source

Warehouse Inspection

Complaint Date

26 July 2026

Product

Name: Insulin Injection
Strength: 100 IU/mL
Batch: INS100T45
Manufactured: February 2026
Expiry: January 2028

Complaint

Temperature monitoring logs indicate that the product was exposed to temperatures above the recommended storage range (2°C–8°C) for approximately 9 hours during transportation. Product integrity is uncertain. Shipment was quarantined immediately. No patient exposure reported.

Investigation

Cold-chain data logger reviewed.
Transport vehicle refrigeration system inspected.
Affected shipment isolated pending stability assessment.
